THE ELEGANCE OF WEATHERED WOOD, IN A UNIQUE, WEATHER-RESISTANT PANEL.

7" BOARD & BATTEN ALSO AVAILABLE IN THE BLENDS COLLECTION FOR VERTICAL APPLICATIONS.

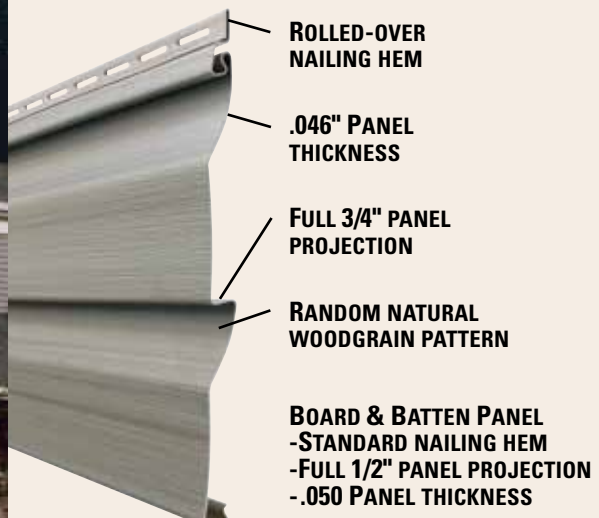

Profile & Color Shown: 7" Board & Batten, Butternut

providing excellent weathering properties, assuring you of lasting beauty and performance for years to come.

For an authentic look found only in special kinds of woods choose premium vinyl siding from **The Blends Collection**. The random woodgrain pattern changes with the passing hours of every day. It is protected with ColorHold®,

THE BLENDS COLLECTION

BRINGING YOUR DREAMS HOME®

■ **UNIQUE, WOOD-LOOK FINISH**—Each panel has its own unique woodgrain pattern. No two panels are exactly alike. This gives it a special, distinctive character that resembles the elegance found in natural weathered wood planking.

■ **BEAUTIFUL, DISTINCTIVE PROFILES**—Choose from a Double 4", Double 5" Dutchlap or a 7" Board & Batten panel for vertical applications.

■ **MATCHING AND CONTRASTING ACCESSORIES**—For the perfect finishing touch around windows, doors, corners and, soffit and fascia areas.

■ **DESIGNED TO STAY ON THE WALL**—A rolled-over nailing hem doubles the siding thickness at the point where it's nailed for resistance to pull-off, even in high winds.

With a beautiful assortment of styles and colors, you can create the distinctive finish you've always imagined. So allow yourself to dream. Then, let Norandex and your professional contractor make those dreams come true.

At Norandex, we've always built our reputation on quality. We offer **Great Barrier** Premium Vinyl Siding with rugged performance in mind. It starts with top quality materials, manufactured in a state-of-the-art vinyl processing plant with quality systems that have been ISO 9001-2008 certified through Underwriter's Laboratories and Environmental Management (ISO 14001-2004)—the most stringent, respected and best-recognized quality system standard in the world. **Great Barrier** Premium Vinyl Siding and **The Blends Collection** also carries a Limited Lifetime Transferable Warranty* with Lifetime Fade Protection, one of the strongest homeowner guarantees available.

Professionals in both new construction and remodeling industries choose Norandex first. In fact, one out of every ten homes with vinyl siding on their exterior feature Norandex vinyl siding products.

THE BEAUTY OF VINYL SIDING
WITH A CATCH

NATURAL BEAUTY.
NATURAL PROTECTION FROM THE ELEMENTS.

Australia's Great Barrier Reef is home to some of the most beautiful and exciting aquatic life in the world. The Reef provides a natural protective barrier against the ravages of the open sea.

Profile & Color Shown: Double 4®, Firebrick

*Colors available in extended lengths.

Colors are mechanically reproduced. For color accuracy please see actual product sample.

Through a combination of revolutionary technological advances, manufacturing expertise and engineering innovation, that same kind of natural protective environment is now available for the exterior of your home.

Great Barrier Premium Vinyl Siding—an exclusive exterior cladding product from Norandex. With **Great Barrier** Premium Vinyl Siding, it's what's down under that really counts. The proprietary JawsLock® coupling system is always there, under the beautiful good looks, assuring that your vinyl siding will stay locked and straight through all kinds of weather.

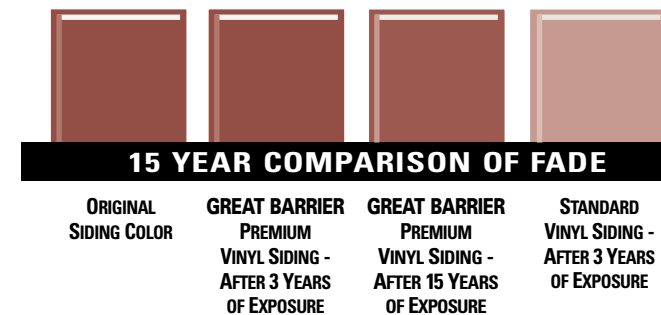

DESIGNER COLLECTION

COLORS AS BEAUTIFUL
AS THE CORAL REEF.

Great Barrier Premium Vinyl Siding includes an array of natural colors as well as a beautiful collection of darker colors with tremendous homeowner appeal which resists fading and discoloring.

Designer Collection colors feature ColorHold® acrylic technology, which gives **Great Barrier** Premium Vinyl Siding excellent weathering properties for superior fade resistance.

This is a visual representation of the actual fade that can be expected on standard vinyl siding vs. **Great Barrier** Premium Vinyl Siding. Colors shown are as close as the lithographic process will allow.

COLORHOLD®
Styled for Living, Designed for Life

A BARRIER AGAINST FADE.

All exterior colored surfaces will fade and weather with time.

Great Barrier Premium Vinyl Siding features ColorHold®, a proprietary acrylic capstock that provides excellent fade resistance.

Great Barrier premium colors are non-reactive to the environment. They have superior fade resistance, and are backed by a Lifetime Fade Protection Warranty; an added homeowner protection bonus.

Visit www.norandex.com to view GREAT BARRIER warranty details.

GREAT BARRIER®
PREMIUM VINYL SIDING

PUT A BARRIER BETWEEN YOUR HOME AND THE ELEMENTS.

■ **AGELESS BEAUTY**—**Great Barrier** Premium Vinyl Siding replicates the look of natural cedar, yet its superior polymer surface can withstand many of the elements that erode wood finishes over time.

■ **EXTENDED LENGTHS***—For a virtually seamless appearance, **Great Barrier** Premium Vinyl siding is available in extended 16.66" lengths, which means up to 1/3 fewer visible seams on the entire surface of the home.

■ **TOUGHER-THAN-NAILS CONSTRUCTION**—**Great Barrier** Premium Vinyl Siding has been engineered for lasting performance and superior resistance to high winds. The unique reverse rolled-over nail hem doubles the siding thickness at the nailing surface, where the product needs it most.

■ **JAWSLOCK®**—The full 3/4" panel projection and extended curled return leg snap tightly into the extra heavy duty top lock. This makes for a faster, straighter, truer installation.

■ **LOW MAINTENANCE**—The low gloss natural cedar woodgrain pattern requires just an occasional rinsing with a garden hose to keep it looking like new. You'll save by never having to scrape, sand or paint ever again.

■ **COMPLEMENTARY ACCESSORIES**—Trim it out to set it off with matching or contrasting accessories for windows, doors and corners.

*Extended lengths available in a limited color offering and are not available in The Blends Collection.

DISCOVER THE BEAUTY OF
GREAT BARRIER!

Profile & Color Shown: Double 4®, Evergreen

ONCE IT'S LOCKED, IT NEVER LETS GO!

IN WINDLOAD TESTS, THE DOUBLE THICK GREAT BARRIER HEM WAS STRONG ENOUGH TO BEND THE NAIL HEADS.

THE CURLED TEETH HOLD THE PANELS FIRMLY TOGETHER. LIKE A GREAT WHITE SHARK, ONCE THESE "JAWS" CLOSE, THEY DON'T LET GO.
